

Ringflash Adapter Compatibility

The RayFlash Ringflash Adapter is available in a variety of models made specifically for flash units from Nikon & Canon (see list at bottom of page).

Feedback from customers who have bought the RA for use with other flash units has led us to compile the following list, which shows compatibility to a variety of other flash units. To facilitate adaptation we offer a simple adapter wedge, suitable to make up the gap between any RA and a flash unit that is slightly smaller than the RA fitting. The WEDGE is small, non-slip and made from flexible black rubber.

PLEASE NOTE: THE FOLLOWING LIST HAS BEEN COMPILED DUE TO POPULAR DEMAND! WE DO NOT CLAIM THAT THIS LIST IS COMPLETE OR THAT IT PROVIDES A SOLUTION AS PERFECT AS USING THE CORRECT FLASH UNIT WITH ITS PURPOSE MADE Ringflash Adapter.

Sept 2008

Make	Model	R A Model	Adapter Needed?	Notes
Canon	580EX	RAC160-2, RAC170-2 & RAC175-2	One Wedge	
	580EX	SIRC		
	580EX MKII	RAC160-2, RAC170-2 & RAC175-2		
	430EX	RAC160-2, RAC170-2 & RAC175-2	Two Wedges or Velcro pads to make up difference in size	*
	430EX	SIRC	One Wedge	*
	430EZ			*
	550	No compatibility!	None	Too big
Nikon	SB800	Ran160 & Ran170	No	
	SB600	Ran160 & RAN170	One Wedge	
	SB900	New models in December 08		
	SB28	RAC160-2, RAC170-2 & RAC175-2	One Wedge	
	SB26	RAC160-2, RAC170-2 & RAC175-2	One Wedge	
Minolta/Konica Minolta	5600	SIRC		
	5600	RAC160-2, RAC170-2 & RAC175-2	One Wedge	
Sony	FLV56AM	SIRC		
	FLV56AM	RAC160-2, RAC170-2 & RAC175-2	One Wedge	
	HVL- F58AM	RAC170-2 & RAC175-2		

Sigma	EF500 & EF530	RAC160-2, RAC170-2 & RAC175-2	One Wedge	
Metz	54 Series	RAC160-2, RAC170-2 & RAC175-2		
Nissin	866 & 622	RAC160-2, RAC170-2 & RAC175-2		
Olympus	FL50	RAC160-2, RAC170-2 & RAC175-2	One Wedge	

Camera & Flash combination other than Canon & Nikon: To establish which model is best suited for a particular combination the distance between optical axis and the middle of the flash units reflector needs to be measured. This measurement will allow the user to find the best match with a Ringflash Adapter:

RAN160 160 mm
RAN170 170 mm
RAC160 160 mm
RAC170 170 mm
RAC175 175 mm
